

## DRINK-AND-LUNCHWARE

No matter the look, our drinkware is designed with function in mind, whether it's an everyday mug for coffee, a water bottle for the gym or a tumbler for when you're on the move.

## MOBILE TECHNOLOGY

On the road, in the air or anywhere in-between, we've got mobile tech for people on the move.

Our cutting-edge products make it possible to connect and share in exciting new ways. From bluetooth speakers to power banks that bring a phone back to life, you'll find the products that are creating a buzz.

## MEMORY STICKS

Keep important data close with a memory stick small enough to fit into a pocket or be dropped into a laptop bag.

Our memory line features both basic and unconventional styles, an array of bright colours, a range of capacities and deep inventory levels.

## BAGS

Our comprehensive bag collection includes drawstring bags, shoppers & totes, backpacks, business cases and more - almost 150 different styles in all, allowing you to find one with exactly the right look and function.

## COOLERS

Whether it's a compact style for lunch during the work week or something heavy-duty for the weekend, we've got coolers in the sizes and styles you're looking for.

## WRITING INSTRUMENTS

From entry-level, mass give-away options to exclusive executive pens and sets that will impress even the most discerning of clients, our extensive collection will bring out the scribe in everyone.

## NOTEBOOKS

A versatile gift for academic, business or personal use, our range is available in a variety of styles, materials and colours that provide the perfect platform for any brand.
